Sex: Male | Date of Birth: June 22, 2002 | Nationality: Cambodian | Marital Status: Single

PROFESSIONAL SUMMARY

Passionate Computer Science graduate working as a Web Development and Data Analyst Intern. Adaptable, motivated, and eager to contribute analytical thinking, data management skills, and clean frontend code architecture to professional organizations. Eager to apply database validation and software engineering skills to new sectors.

PROFESSIONAL EXPERIENCE

Web Developer & Data Analyst Intern	Dec 2024 - Present
<i>Primary Education Department, Ministry of Education, Youth and Sport (MoEYS)</i>	
- Processed and validated large-scale student data in the PLP System, ensuring accuracy and completeness for over 2.2 million student records. - Developed and maintained frontend modules for the Model School Standard System (Infrastructure Module) using React.js and Ant Design (AntD). - Analyzed school databases, prepared statistical reports, and assisted in identifying and resolving data quality inconsistencies. - Performed rigorous system testing in production environments before deployment to ensure module functionality. - Provided direct technical support, troubleshooting guidelines, and instruction to teachers and education officers. - Coordinated meetings, workshops, administrative documentation, and collaborated with cross-functional teams to improve system usability.	
Office of Data Entry	Jul 2024 - Nov 2024
<i>2U Delivery Company</i>	
- Ensured accurate and efficient data entry into the company's software system, improving overall data integrity. - Managed stock-in and stock-out processes, extracting daily stock-in-out data and setting up products in the warehouse. - Provided product-related information to shop staff, resolving issues promptly. - Calculated and verified driver collections for cash-on-delivery (COD) customer products and store cash registers. - Reconciled and checked all cash collections before final submission to the General Manager (GM).	

EDUCATION

Bachelor of Computer Science	2020 - 2024
<i>Royal University of Phnom Penh (RUPP)</i>	
Diploma in English	2022 - 2026
<i>Paññāsāstra University of Cambodia (PUC)</i>	
High School Diploma	2014 - 2020
<i>Dam Dek High School</i>	

SKILLS OVERVIEW

Web Development

Data & Analytics

Front-End Development, React.js & Ant Design, System Testing / QA

Productivity & Media

AI Tools for Productivity, Video & Audio Editing (CapCut), Photography

Data Entry & Data Management, Data Analysis & Reporting, Microsoft Office

Communication & Languages

Communication & Teamwork, Khmer (Native), English (Professional)
